

Spooky Museum Scavenger Hunt

Find each spooky creature hiding in our galleries.

Find cool facts about these spooky creatures at nature.ca/scavengerhunt

They aren't so spooky after all!

This creature hunts in a silent mood, the next uses sound to find its food

This creature hangs in caves upside down, the next likes to burrow in the muddy ground

This intelligent creature is black as night, the next is silent and white

And now we say congratulations to you, the spooky hunt is all through!

While this creature hunts in packs, the next one might scavenge for its snacks

START HERE ▶

Find a slithery creature that some find scary. The one in the next gallery can howl and be hairy
